SEDAR Information Package

Thank you for your interest in the System for Electronic Document Analysis and Retrieval (SEDAR®). SEDAR is the system used for electronically filing most securities related information with the Canadian securities regulatory authorities. Filing with SEDAR started January 1, 1997, and is now mandatory for most reporting issuers in Canada.

The SEDAR system enables industry to file securities documents and remit filing fees electronically -- saving time and money. The SEDAR system allows users to gain immediate and intelligent access to company and investment fund information in the public domain, and provides an important communications link among issuers, filers and the securities regulatory authorities.

Included in this information package are a number of links to materials that will help you to become more familiar with the SEDAR system.

SEDAR System Fees

Electronic payment

The SEDAR system facilitates the electronic payment of Canadian Securities Administrators (CSA) filing fees, TSX Venture filing fees and SEDAR System fees by permitting a subscriber to maintain an EDI banking account and issue electronic payment instructions at the time that an electronic filing is transmitted.

The electronic payment procedures used by the SEDAR system are based on a protocol known as electronic data interchange or EDI. In order to submit documents which have filing fees associated, subscribers must establish an EDI banking account with a financial institution in Canada that offers financial EDI services and that is recognized by the filing service contractor as being EDI-capable.

A complete [list of EDI Compliant Financial Institutions](#) can be found on www.SEDAR.com under the [About SEDAR](#) tab. Please note that a monthly account service fee may be levied by each financial institution.

CSA filing fees

Please refer to the [CSA Regulatory Fee Guide](#) for relevant regulatory filing fees governed by the provincial and territorial securities regulatory authorities.

TSX Venture filing fees

Please refer to www.tmx.com for a copy of the TSX Venture Exchange Fee Schedule included in the TSX Venture Exchange Policy and Procedures Manual.
