

SEDAR® SUBSCRIBER UPDATE

March 14, 2002

Code Update

A SEDAR code update is scheduled for March 18, 2002. Its' size is approximately 3 MB and should take approximately 15 minutes to download using a 28.8 modem.

You are encouraged to obtain the code update as soon as possible on or after March 18, 2002 by following these procedures:

1. Starting the SEDAR program,
2. Selecting File menu, and
3. From the File menu, selecting Receive items from SEDAR server.

This method will make sure that the application is updated and ready for your use before you actually have to perform any business functions.

This code update will bring the SEDAR client application up to Version 007.001.004.

Please be patient and **allow the download to complete before proceeding**. Once the code update has been downloaded, close the SEDAR program and follow the instructions below to execute the code update:

1. Click the Start button located at the bottom left corner of the screen,
2. Select Programs, and
3. From the Program menu, select SEDAR and then select Code Update.

Code Update Fix

This code update will correct a problem experienced by some SEDAR subscribers when downloading Release 7.0 code updates.

Matter Number Field
