Multilateral Instrument 45-102 - Resale of Securities

Multilateral Instrument 45-102 - Resale of Securities ("MI 45-102") is scheduled to come into effect November 30, 2001. In order to facilitate the filing of documents related to MI 45-102, a new filing type "Resale of Securities (MI 45-102)" has been added under Other Issuers/Continuous Disclosure/General.

Filing Statement

CDNX requires listed companies to file a disclosure document called a Filing Statement in certain situations where significant events or transactions have occurred and an information circular is not required. A new filing type "Filing Statement" has been added under Other Issuers/Continuous Disclosure/General to facilitate filing of these documents. This will be both a Market Centre and CSA filing type. Documents filed using this type are automatically made 'Public' and are viewable on the SEDAR website (www.sedar.com).

Fee Schedules

The Fee Schedule for the Newfoundland Securities Commission has been changed. The fee for each issuer or security holder distributing securities under a prospectus or pro forma simplified prospectus has changed to \$850 from \$800.
