Summary of Code Update Changes

Exempt Market Offering and Disclosure Filings on SEDAR

Effective June 30, 2016, all CSA jurisdictions will adopt a new harmonized report of exempt distribution (the New Report). The BCSC is developing a web-based filing system on eServices to accommodate the structured data format of the New Report. Issuers filing in British Columbia and Ontario will file the New Report with the BCSC and OSC by completing an electronic form on the BCSC's eServices and the OSC's Electronic Filing Portal, respectively.

In all CSA jurisdictions other than British Columbia and Ontario, issuers, except certain foreign issuers, will be required to file the New Report on SEDAR. Both the BCSC's eServices and the OSC's Electronic Filing Portal will generate an electronic PDF copy of the completed report, which issuers can then use to file on SEDAR.

Schedule 1 and Schedule 2 of the New Report must be filed in XLSX format using the Excel templates developed by the CSA and available on www.securities-administrators.ca.

For further information on which exempt market filings will be required to be filed on SEDAR, please refer to Multilateral CSA Staff Notice 13-323 [Frequently Asked Questions About Making Exempt Market Offering and Disclosure Filings on SEDAR](#).
