

Dear SEDAR Subscriber,

Further to our previous notice of October 9, 2013 advising of a delay in the transition of the operation of SEDAR and the SEDAR website from our current service provider (CDS INC.) to our new service provider (CGI Information Systems and Management Consultants Inc.) (the "Transition") to December 2, 2013, we write to advise that, in order to ensure a smooth transition for all market participants, the implementation of the Transition will now be further delayed.

Until a new Transition date is determined and the Transition is implemented, the assignment of the rights and obligations of CDS INC. in certain SEDAR forms, and the incorporation of certain consequential amendments and other modifications to those forms, all as described in our earlier notice of September 12, 2013, will be deferred.

A further notice advising of the new Transition date will be issued once we are confident of a smooth transition for all market participants.

Please note that if you are a current SEDAR subscriber, instructions on how to update your SEDAR client software will be provided to you before the Transition. Otherwise, no other action will be required on your part to continue your use of SEDAR and the SEDAR website, whether before or after the Transition.

Should you have any questions, please contact the CSA IT Systems Office at the following email address: [sedar@csa-acvm.ca](mailto:sedar@csa-acvm.ca).

Yours very truly,

Sherri Brand  
Managing Director  
CDS INC.

Yours very truly,

Ian Campbell  
Chief Information Officer, CSA IT Systems Office  
on behalf of the Alberta Securities Commission
