

# SEDAR® Subscriber Update

March 3, 2016

## Peak Filing Period

Due to the heavy volume of submissions during the peak filing period of March and April, if filers receive an error message or have a connection issue upon submission of a filing, filers should first select "Refresh List" on their Filing Management page to confirm the filing was not successfully submitted before attempting to resubmit.

## Commission Fees

SEDAR allows for a maximum of 1600 fee transactions to be submitted per filing submission (Ex: filing with 150 funds in all 13 jurisdictions (150 x 13) means 1950 fee transactions)  
To submit more than 1600 fee transactions, filers should submit fees for a subset of jurisdictions initially, then submit the remaining fees on the same project using Add/Modify Fees function.
