#### **Issuer Profiles**

We have amended the wording on the mandatory field “*OTC reporting issuer per MI 51-105*”. The field should only be set to “Yes” by issuers who are OTC Reporting Issuers under *MI 51-105 Quoted in the U.S. Over-the-Counter Markets*.

All other issuers should select the “*Not applicable*” field.

### **New Stock Exchanges**

The list of *Stock Exchanges (or Markets)* available on the Other Issuer profile is being updated as follows.

New stock exchange: Over-the-counter markets

Deleted stock exchange: Pink Sheets

Filers should review the list of stock exchanges currently selected on their Other Issuer profile and make any updates necessary.

### **3. Attaching Documents under Multiple Filing Subtypes**

SEDAR has been updated to no longer allow the attachment of documents under more than one subtype per submission within the Prospectus filing types.\*

For example, filers can attach more than one document under the “Preliminary” subtype but can not also attach documents under the “Pro Forma” subtype on that same submission; a subsequent submission must be created on the project.

**Note: This change also applies to Formal Correspondence filings.**

\* *The “Rights Offering Material” and “NI 44-101 Notice of Intent” filing types will also be subject to this change.*

### **4. Commission Fee Description Changes**

#### Prince Edward Island

Effective July 31, 2012, Prince Edward Island is implementing a fee increase as authorized by *An Act to Amend the Securities Act S.P.E.I. 2012, Cap. 33* enacted on May 30, 2012. Please refer to [www.gov.pe.ca/securities](http://www.gov.pe.ca/securities) for details.

## 5. Amended Documents

Document types associated with both the Interim and Annual Financial Statements filing types have been placed under subfolders for easier reference.

For example, within the “*Annual Financial Statements*” filing type, there are now two subfolders: “Annual Financial Statements” and “Amended Annual Financial Statements”.

Also, the document type “Notice (amended)” has been added to the “*Change in Corporate Structure Filings*” and “*Change in Status Filings*” filing types.
