

SEDAR® Subscriber Update
March 18, 2005

AT&T Global Network Dialer – Idle Connections

As a follow-up to our subscriber update of March 1, 2005 that recommended filers only connect through the AT & T Global Network Dialer when there is a need to communicate with the SEDAR server, please be advised that CDS INC. and the Canadian Securities Administrators have requested AT & T to automatically disconnect filers after fifteen minutes IDLE connection time.

To clarify, filers will not be disconnected during a submission to the SEDAR server. Filers will only be disconnected after this IDLE connection period.

For more information, please contact your local SEDAR Customer Service Representative or the CDS INC. Help Desk at 1-800-219-5381.
